## BUILDING

On the fifth floor of the Casa Matesanz, an architectural landmark located at number 27 of Madrid's Gran Vía, Gran Vía HUB27 was born.

A space for events where the experience begins at street level: soaring ceilings from which two stately elevators glide, which it is architect, Antonio Palacios, decided to culminate with a majestic staircase that winds its way to the upper floors.

## THE VENUE

Gran Vía HUB27 is an open space of 300 square meters characterized by its large windows that offer a beautiful panoramic view of the capital, giving a bird's eye view of Gran Vía. A place that perfectly combines the classic with the modern, in an environment of subtle elegance.
